January 4 ..... 1– 14
January 11 ..... 15– 82
January 18 ..... 83– 98
January 25 99–144
February 1 145–158
February 8 159–226
February 15 227–238
February 22 239–284
March 1 285–298
March 8 299–350
March 15 351–366
March 22 367–412
March 29 413–428
April 5 429–534
April 12 535–548
April 19 549–594
April 26 595–606
May 3 607–674
May 10 675–684
May 17 685–730
May 24 731–746
May 31 747–792
June 7 793–806
June 14 807–858
June 21 859–874
June 28 875–920

A

Aerial tramways see Cableways

Aeronautics

Concrete cells, each with venturi section constructed to test airplane propellers*139

Airports

Airplane noise should be considered..e436
Boston enlarges airport.....n*877
Canadian airport at Namao built by U. S. n2
Detroit plans new airport.....*785
French airfield which was wrecked, converted into transport plane base W. G. Bowman (Engineering abroad) *378
Great Britain built 100 airfields for reverse lend-lease.....n810

Hangars

Portable "nose-in" hangar of steel and canvas.....*404
Sacramento hangar A. A. Weitzman 1 755
Three-hinged arched truss for hangar n*228

Landing mats made of pierced planks 837
Los Angeles votes airport expansion n545; e545; n877
Marianas Islands — Seabee-operated equipment n*607
New York City:
Idlewild runway paving.....n*859
Pacific Island airport construction... n*7
Pacific island airstrip constructed with emulsified asphalt on wet coral....*584
Panama to have airport.....n364
Seaplane ramp made with Marston mat. N. A. Bowers.....*712
Senate committee recommends billion-dollar airport program.....n682
Snow scrapers help clear Buffalo airport n*147
Triple surfacing of bituminous impregnated cloth, wire mesh and pierced steel plank.....n*870
U. S. war construction in Britain. W. G. Bowman (Engineering abroad)*110

Aluminum:

Great Britain to use aluminum alloy for prefabricated houses.....*786
American Assn. of State Highway Officials:
Election of officers.....n365
American Institute of Electrical Engineers:
President of association proposes nation-wide association n798
American Railway Engineering Association meeting n425
American Road Builders Association meeting n*103
American Society of Civil Engineers meetings n147; n600; n*733
Cancels meetings for 1945..... n99
American Water Works Association:
Canadian Section celebrates silver anniversary n425
Directors meeting n100
Amphibians:
Bulldozers on the beachhead at Lingayen n*595

Aqueducts

Delaware Aqueduct:
Contractors admit large payments to avoid labor troubles at trial.....n358
Fay and Bove guilty of extortion from contractors n370; n542
Work to be resumed n302
Los Angeles-Owens River aqueduct siphon pipe supported by ring girders. B. S. Grant *639
Mexico City aqueduct.....*415
San Diego Aqueduct:
Preliminary work near completion...n*689
Tunnel contract awarded.....n805
Votes on new water pipeline.....n228
Work to start next spring..... n3

Arches:

Baltimore & Ohio Railway tunnel roof replaced with concrete arch.....*256
Three-hinged arches of 120-ft. span made of laminated timber built up into I-beams. S. B. Barnes.....*250

Associated Equipment Distributors meetings n145; n878
Associated General Contractors:
Chicago meetings n*353 n682
Automobiles:
Increased highway traffic..... 775

Awards

Engineers honored for meritorious civilian service n423
Exceptional Service Award goes to H. W. Loving n*106
Moles awards presented n*233
To keep the record straight. A. H. Horton 1 247

B

Barges

Concrete barges are South Pacific refrigerators n*286
Moved overland around Coulee Dam. F. J. Sharkey *706
Pontoon cell barges shipped ready for use *790
Sault Ste Marie canal concrete facing completed n801

Beams

German "meter beam" 1 305
Graphical or analytical—inflection point. A. A. Eremin 1 246
Moment distribution by symmetry and antisymmetry. D. B. Steinman.....*135
Nomogram for stiffness factors speeds up rigid frame calculations. H. F. Eckerlin *70
Pioneer design in laminated wood I-beams. S. B. Barnes.....*250
Bolts in multiple timber joints. Charles Mackintosh *407

Bonds

Dallas gets low rate on its master plan bonds n552
Missouri constitution doubles bonding power n352

Book Reviews

Airport engineering. Oakley, Shaw & Dunlop 339
Builders of the bridge—story of John Roebling and his son. D. B. Steinman. 663
Calculo de concreto armado. Telemaco van Langendonck..... 339
Engineering contracts and specifications. R. W. Abbett..... 663
Engineering for dams. W. P. Creager & others 847
English-Spanish comprehensive technical dictionary comp. by L. L. Sell.... 340
Experimental stress analysis—proceedings of the Society for Experimental Stress Analysis ed by Lipson & Murray ..... 663.
Magic powder. E. J. Hadley..... 847
Mosquitos of New Jersey and their control. T. J. Hadley..... 847
Original instructions governing public land surveys 1915-1855. J. S. Dodds.. 663
Rates of sediment production in southwestern United States. C. B. Brown.. 339
Reinforced concrete water towers, bunkers, silos, and gantries. W. S. Gray.. 72
Stream sanitation. E. B. Phelps..... 72
Tomorrow's business. Beardsley Ruml. 339
Bowman, Waldo, reports on invasion engineering n232

Brazil

North-south railway link advances.... 278
Potential postwar engineering and construction work..... 255
San Paulo Afonso Falls hydro project planned 626
Sao Francisco River power plant to aid development of northeastern territories 318

Bridge Accidents and Failures

Belgium:
Albert Canal wrecked bridges.....n*95
France:
Ploughastel Bridge is a war casualty. W. G. Bowman n*289; J. L. Miner..1 435
Germany:
Remagen bridge wrecked n*367; n*369
Wreckage of many famous bridges. W. G. Bowman.....*616

Bridge Construction

Canton, Ohio, bridge of concrete and vitrified brick.....n*293
Engineering activities on the invasion route in France. W. G. Bowman (Engineering abroad) *265
Little Tarkio River, Mo. bridge spans moved to bank for raising. V. W. Enslow *770
U. S. Army Engineers bridge the River Seine. Col. W. C. Hall.....*577

Bridge Design

Bailey takes a look at one of his bridges n*807
Composite action on highway bridges..n*807
C. P. Cueni 1 246
Pontoons—four-lane retracting pontoon bridge *838
Prestressed concrete design overseas. Henri Marcus *455

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Rigid-frame concrete span requires no falsework. Jacob Feld.....*625
Southern Pacific railroad bridge has earthquake resistant features.....*120
Triangular German bridge at Duren. W. G. Bowman.....n*678

Bridge Renewals and Repairs

Bailey trusses used to repair Texas bridges.....n809
Belgium:
Albert Canal bridges repaired for war traffic. W. G. Bowman (Engineering abroad).....*886
Europe:
Engineers rebuild railroads.....n*416
Fast bridging keeps railroads close to the battle front. W. G. Bowman..*696
Holland:
Bailey bridge serves as construction trestle in rebuilding Wilhelmina Bridge. W. G. Bowman.....*796
Maine bridge rejuvenated by lighter and stronger floor.....n*871
Repaired lock gates and bridge make Europe's war-wrecked harbors work. W. G. Bowman.....*816.

Bridges

Australia
Melbourne bridge—composite action. C. P. Cueni.....l 246
Bailey Bridges
Albert Canal bridge with Bailey. W. G. Bowman.....n*734
Cantilever method of erection.....n*352
Remagen—longest floating Bailey bridge.....n*597
Seabee pontoons form floating piers. W. G. Bowman (Engineering abroad).....*308
Belgium
Albert Canal bridged by Ninth Army with spectacular Bailey. W. G. Bowman.....n*734
Bolivia
Aerial transporter bridge. W. A. Reeve.....*843
Caesar's bridge across the Rhine.....n*371
California
Southern Pacific railroad bridge has earth-quake-resistant features.....*120
Canton, Ohio
Concrete and vitrified paving brick used in construction.....n*293
Carquinez & Antioch bridges, Calif. To be toll free.....n419
Chattahoochee River, Ga.
Long continuous concrete girders on span.....n*231
Cleveland
Removal order is fought.....n18
Darien River, Ga.
Bridge is nearing completion.....n*13
Depreciation schedule—U. S. Bureau of Internal Revenue (table).....492
Florida highway bridge (unit prices)..730
France
Hand tackle used to remove blasted bridge from canal. W. G. Bowman.n*359
Ploughastel Bridge is a war casualty. W. G. Bowman..n*289; J. L. Miner l 435
U. S. Army Engineers bridge the River Seine. Col. W. C. Hall.....*577
Germany
Engineer preparation for the Rhine offensive. W. G. Bowman (Engineering abroad).....*438
Fast bridging keeps railroads close to the battle front. W. G. Bowman (Engineering abroad).....*696
Mainz bridge dedication.....n*685
Model bridge for Rhine was set up on Columbia River.....n550
One of two Rhine bridges saved for Army crossing.....n*351
Prefabricated units set by Army Engineers.....n*731
Remagen bridge. C. M. Spofford....l 754
Remagen Bridge almost saved by engineers. W. G. Bowman.....*538
Remagen bridge kept in service while pontoon crossings are built.....n*413
Remagen bridge wrecked....n*367; n*369
Remagen — longest floating Bailey bridge.....n*597
Remagen pontoon bridges.....*618
Triangular bridge at Duren. W. G. Bowman.....n*678
Wesel railroad built by U. S. Army in 10 days.....n536
Wreckage of many famous bridges. W. G. Bowman.....*616
Guadalcanal bridge protected from tropical debris.....*790
Holland
Bailey bridge serves as construction trestle in rebuilding Wilhelmina Bridge. W. G. Bowman.....*796
Indiana bridge raising (unit prices).....74
Irondequoit Bay, N. Y. bridge to be constructed postwar.....n740
Italy
Restoration of public works.....723
Kansas City
Flood washes out bridge.....n600
Lavaca Bay Causeway, Tex.
Pile tests justify increased loading. W. A. King.....*895
Little Tarkio River, Mo.
Bridge spans moved to bank for raising. V. W. Enslow.....*770
Los Angeles
Four-lane retracting pontoon bridge..*838
Maine
Lighter and stronger floor rejuvenates bridge.....n*871
Missouri completes twin bridges on Route 66.....n*83
New Hampshire bridge and approaches (unit prices).....792
New York City
Brooklyn Bridge stories wanted by publisher.....n244
Postwar design for bridge requires no false-work for rigid-frame concrete span. Jacob Feld.....*625
Pontoon vs ponton.....e884
Pontoon
Self-propelled wharf and car-float made from seabee pontoons.....n*432
War's longest bridge built on Ledo Road.....n*92
Railway bridge of demountable V-type. T. Janiszewski.....*586
San Francisco-Golden Gate bridge. Suggest state operate bridge.....n801
San Francisco-Oakland Bay Bridge damaged by fire.....n603
Santa Fe
Railway bridge at Topock, Ariz.....n*862
South Carolina to free last toll bridge..n681
Tacoma plans bridge work, other improvements.....n811
Tacoma, Wash. viaduct (unit prices)... 666
Tampa Fla.
Gandy Bridge price set for owner.... n7
Truman Bridge
New type of lift span.....n*809
Virginia highway and bridges (unit prices).....594
Building accidents and failures
New York City commercial building collapses.....n*3

Building Construction

Contracts for industrial building construction by industries 1941-1944 (table).....194
Costs
Index of costs for standard house in representative cities 1935-1939 (table).....512
Index of small house costs 1936-1944 (tables).....511
Febrication in the Nineties. D. A. Watt.....l 813
1944-1945 construction.....*174
Pittsburgh mill building fabricated with cold-driven rivets.....n*543
Residential building statistics 1925-1944 (charts).....195
South American building costs. A. J. Boase (tables).....516
Building construction see also Housing.... 134

Building Design

Bracing faults. A. A. Weitzman.....l 435
Brazilian building codes. K. Hajnal-Konyi.....l 881
Brazilian concrete building design compared with United States practice. A. J. Boase.....*902
Buildings should be rigid. L. Davidson.l 305
Great Britain
Fort in London.....n*865
Prefabricated packaged barracks designed for hospital unit.....719
Separate design and construction. L. E. Dunlap.....l 813
South American building codes explain the slenderness of the structures. A. J. Boase.....*564
South American articles liked. A. J. Bulger.....l 881

Building Laws and Regulations

Brazilian building codes. K. Hajnal-Konyi.....l 881
Brazilian concrete building design compared with United States practice. A. J. Boase.....*902
Engineers and building codes. R. C. Reese.....l 21
Milwaukee area to have new building code.....n369
St. Louis building code liberalized by revision.....n242
South American building codes explain the slenderness of the structures. A. J. Boase.....*564
Toledo sidewalk sub-spaces under rigid city control.....910

Buildings

Great Britain
London's fort appearing building ..n*865
Hawaii
Army hospital to be built.....n427
Hospitals for veterans to be built.....n803
Los Angeles-Long Beach Naval supply depot to be constructed.....n745
Memphis
New civic center proposed.....n869
Minnesota to construct capitol approaches and war memorial.....n*603
Pittsburgh
Mill building fabricated with cold-driven rivets.....n*543
Renton, Wash.
Warehouses (unit prices).....666
San Francisco
St. Francis Hotel builds "barracks" for guests.....n10
Topeka, Kan.
Goodyear tire plant to be built.....n798
U. S. Army hospital construction
March 1.....
Burt, Frederick Percy—a pioneer tor. M. N. Baker.....
Bus terminal for New York C
planned.....

C

Cables

Rooter plows cable trench 7 ft. d

Cableways

Bolivia—aerial transporter brid
A. Reeve.....
Grand Coulee Dam cableway
carried on fleet of trucks.....
"Skyhook" for handling loads
elevation.....
Swedish engineers build 60-mi
tramway.....
Camouflage
Poster prepared by Engineer Cam
battalion.....

Canals

Belgium
Albert Canal repaired for war traffic. W. G. Bowman.....
Conchas Canal, Tucumcari project, N. M. earthwork and structures (unit prices).....
Deschutes Canal, Ore. is half completed.....
Florida's ship canal plans now completed.....
Friant-Kern Canal to be expedited.....
Hennepin Canal, Ill. modernization estimated.....
Missoula Valley Project, Mont. Canals and laterals (unit prices).....
New Jersey ship canal model tests prove salinity can be controlled.....
Puget Sound-Columbia River canals recommended.....
Rathdrum Prairie Project, Idaho, earthwork, concrete lining, etc. (unit prices).....
Sault Ste Marie canal concrete facing completed.....
Sault Ste Marie locks to have derrick on barge.....
West Canal turnout, Altus Main canal, Okla. earthwork and structures (unit prices).....
Caribbean Water Works Association formed.....
Carter, A. N. takes over ENR Washington post.....
Cement
Mexican cement business experiences a boom.....
Vinsol resin cements investigated by Bureau of Standards.....
Chicago Groundhogs hold meeting.....
China
Engineers and technicians here for special training.....
Industrial and transportation needs.....
City Engineering. P. L. Brockway.....
Committee for Economic Development urges planning for postwar building....

Concrete

Aggregates—determination of surface moisture in fine aggregate. Bryant Mather (table).....
Air entraining properties of vinsol resin cement.....
Airplane propellers tested in concrete cells, each with venturi section.....
Bonneville Dam concrete after six years. Galbraith & Clark.....
Brazilian concrete building design compared with United States practice. A. J. Boase.....
Concrete floor finish. E. L. McFalls...l
Floors reconditioned to carry heavy warehouse traffic.....
Forms
Ohio pavements widened without forms.....
Special steel forms speed concreting at Chicago's water filtration plant..
Mexican irrigation concrete dam eliminates reinforcement by use of buttress walls mushroomed. Frederico Barona
Nomogram for stiffness factors speeds up rigid-frame calculations. H. F. Eckerlin.....
Prestressed concrete design overseas. Henri Marcus.....
Ready-mix concrete prices up in 9 states.....
San Francisco water tank of concrete constructed with prestressed steel bands. J. J. Crowley.....
Shasta Dam—excess water and entrapped air removed from surface of concrete by vacuum process. C. S. Rippon.....

Construction

A. G. C. president urges increase in construction capacity.....
Appropriation for 1946 military construction.....

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Construction prospects at home and abroad. W. V. McMenimen.....*159
Costs
Boeckh index of construction costs 1926-1944 (tables).....478
Construction and building cost indexes 1913-1944 (charts & tables).....470
Costs data on federal construction projects 1944 (table).....506
Cost of financing 1901-1941 (charts & tables).....508
ENR construction cost index 1915-1945 (tables).....466
ENR construction volume 1914-1944 (table).....468
OPA price regulations affecting construction.....514
Prices of construction 1874-1944 (charts & tables).....481
Public utility construction cost index 1921-1945 (tables).....474
Railroad cost indexes 1920-1943 (tables).....427
Special building cost and volume indexes 1915-1944 (tables).....468
Costs See also Building costs
Deficiency bill signed by President n602, n608
Depreciation schedule—U. S. Bureau of Internal Revenue (table).....492
ENR construction reported in 1944 (charts & tables).....191
ENR estimated construction 1925-1944 (charts & tables).....188
How much construction how soon? E. J. Cleary.....841
Lanham Act increase of $30 million is asked.....n794; approved n876
Loans and grants for construction of health facilities proposed.....n750
Monthly construction business summary. Jan. 11, adv. 85; Feb. 8, adv. 85; Mar. 8, adv. 85; Apr. 5, adv. 69; May 3, adv. 85; June 14, adv.....69
New construction capital 1925-1944 (table).....195
Outline of contract procedure in building construction. J. P. H. Perry.....787
Ruml suggests government regulation of construction industry.....n418
Senate hearings discuss part of construction industry in postwar period.....n685
Stabilizing the construction industry. Beardsley Ruml.....590
Survey and forecast—1944-1945.....*168-186
Time-and-methods study speeds construction. Homer George.....*518
Unclassified construction volume in U. S. 1944 (chart).....191
U. S. Army construction program as of March 1.....n544
War in the Pacific—the job ahead.....e695
WPB amends Order L-41 to permit civilian construction.....n731, n747
WPB eases construction control to aid reconversion.....n607
WPB not to cut production.....n159
Construction—see also Engineering abroad
Construction communiques.....95, 237

Construction Equipment

Adding years of service to equipment. Russell Ralph.....*279
Asphalt—eight grades of paving asphalt to be made.....n608
Asphalt spreader fills concrete pavement joints.....*446
Bridge erection speeded by truck-mounted, hydraulically controlled boom.....n227
Bulldozers have leading part in Luzon invasion.....*301
Bulldozers on the beachhead at Lingayen.....*598
Bulldozer "unbuckles" landing mat...n*595
California removes weight tax on construction machinery.....n805
Compressed air used to empty oil drums. C. W. Hines.....l 883
Construction machinery prices 1939-1944 (tables).....506
Cross-country trek in India. W. C. Carter.....*724
Demountable wheels for 18-ton generators.....*282
Depreciation schedule—U. S. Bureau of Internal Revenue (table).....492
Derrick on barge built for Sault Ste Marie locks.....n7
Drill bit designed to penetrate coral....*918
French use hand tackle to remove blasted bridge from canal. W. G. Bowman.....n*359
Grading and ditching machine moves snow.....n*287
Heavy-duty construction equipment processed for shipment overseas.....n*354
How Army Engineers are weaving the sinews of war. H. W. Richardson.....*199
Knife for cutting corrugated sheet metal.....*918
Navy leaders praise construction machines at the war front.....n609
Pacific naval base repair depots for heavy equipment. N. A. Bowers.....*632
Pneumatic ram drives wedges.....*408
Pontoon barge used by Seabees to drill and blast channel through coral reef. N. A. Bowers (Engineering abroad)..*580
Production in 1945 to be high.....n687
Rental rates for construction equipment (table).....504
Rooter plows cable trench 7 ft. deep....*406
"Skyhook" for handling loads at high elevation.....n*553
Snow scrapers help clear Buffalo airport.....n*147
Snow weasel tested for forest service..n*793
Straw spreader.....*846
Surplus equipment sale to be held at Kearney, Neb.....n229, n302, n368, n595, n680
Surplus property see Subject
U. S. Army Engineers equipment. H. W. Richardson.....*199
WPB will still control construction machinery.....n736

Construction Materials

Amendment to Controlled Materials Plan.....n363
British road tar specification. H. E. Gillander.....*261
Cement prices raised by OPA.....n16
Copper and lead conservation by water utilities requested.....n243
ENR construction costs (charts).....197
Laminated timber I-beams make up three-hinged arches of 120-ft. span. S. B. Barnes.....*250
Materials and labor prices.....76, 220, 344, 528, 668, 850
Materials and labor prices—December, 1944.....482
Prices of construction 1874-1944 (charts & tables).....481
Residual oil prohibited for paving.....n865
Sawdust fill used under concrete floor of Rock Island warehouse.....*718
WPB reports building supply shortage..n299
WPB surveys supply of basic building materials (list).....n749

Contractors

Milwaukee contractors start safety contest.....n160
More fighting spirit needed.....e437
Nothing for tribute to union representatives. J. H. Gill.....l 755

Contracts

Army Engineers abandon public contract awards.....n793
Bids
Interpretation of bid data held responsible of bidder.....911
Pennsylvania Turnpike — faulty bid data basis of court award. S. I. Sacks 579
Bill introduced in Congress to change contract methods.....n297
ENR engineering construction contracts. 14, Jan. 11, adv. 83, 97; Jan. 25, adv. 67, 157; Feb. 8, adv. 83, 238; Feb. 22, adv. 51, 298; Mar. 8, adv. 83, 365; Mar. 22, adv. 67, 427; Apr. 5, adv. 67, 548; Apr. 19, adv. 51, 606; May 3, adv. 83, 684; May 17, adv. 67, 745; May 31, adv. 51, 806; June 14, adv. 67, 873; June 28, adv.....51
Estimating and bidding for profit. E. A. Prentis, Jr. (tables).....*523
Negotiation of contracts by Army to be dropped at close of war.....n861
Outline of contract procedure in building construction. J. P. H. Perry.....787
U. S. Army Engineers changes contract system.....n875
Wage adjustment claim denied by Supreme Court.....725
Costa Rica
Pioneer trail broken through.....n427

D

DDT used in mosquito control may prove boomerang.....842

Dams

Arkansas earthfill dam suggested to increase water supply.....n361
Asheboro, N. C. Dams
Water supply dam to be constructed..n740
Bonnett Carre Dam
Spillway protecting New Orleans....n422
Bonneville
Concrete examined after six years. Galbraith & Clark.....*333
Boulder Dam
Tunnel and channel improvements (unit prices).....342
Tunnel and channel work started....n356
Bridge Canyon Dam, Utah
Model for study of dam flow.....n*801
Columbia River at Big Eddy investigated by divers for dam site.....n*675
Folsom Dam
Preliminary work started.....n370
Germany
Roer Valley dams attacked by air force.....n*232
Urft River Dam in Roer basin captured.....n*241
Grand Coulee Dam
Barges moved overland around the dam. F. J. Sharkey.....*706
Concreting cableway tower carried on fleet of trucks.....n*418
Great Falls Dam, Tenn.
Reservoir leakage stopped at outlets. L. A. Schmidt, Jr.....*65
Hungry Horse Dam
Preconstruction work.....n*429
Mexico
Las Virgenes Dam deck formed of mushroomed buttress heads. Fredrico Barona.....*714
Mt. Morris Dam
Plans to be prepared for dam.....n88
Norfork Dam
Concrete pouring finished.....n368
Palisades Dam, Idaho
Exploratory work.....n242
Plans started.....n433
Potomac River basin flood control calls for 14 dams.....n244
Potomac River dams project abandoned by Army.....n545
Prestressed concrete design overseas. Henri Marcus.....*455
Pymatuning Dam, Pa.
Prevents flood damage.....n361
Shasta Dam
Concrete pour is finished.....n16
Stairway over penstock.....*728
Vacuum processing of the spillway. C. S. Rippon.....*829
Table Mountain Dam
Site to be studied.....n370
Two-Prairie Bayou, Ark.
Southwestern Water Co. to build dam.....n543
Urugay
R incon del Bonete will more than double the power supply. Harza & Giorgi.....*772
Ditches—see Drainage
Drainage
British West Indies malaria-control drainage ditches. Clarence Renwick.....l*557
Dredges and dredging
Philadelphia—sedimentation basin of Torresdale station cleaned by dredge 260
Drills and drilling
Seabees drill and blast channel through coral reef from pontoon barge. N. A. Bowers (Engineering abroad).....*580
Drums—reducing work of removing oil from storage drums.....*790

Drydocks

Australia completes huge graving dock.....n552
Floating drydock in three pieces built by Kaiser.....n*549
Floating drydocks of the U. S. Navy pt. 1 *319-330; pt. 2 *385-392; pt. 3 *447-454

E

Earth pressures in retaining wall design. C. H. Lang.....*276
Electric generators mounted on wheels..*282
Engineering
1944 engineering news events.....166

Engineering Abroad

"Adsec" or Advanced Section, Communications Zone of the Army Engineers. W. G. Bowman.....*560
Albert Canal repaired for war traffic. W. G. Bowman.....*886
D-Day on the Rhine. W. G. Bowman...*616
Engineer preparation for the Rhine offensive. W. G. Bowman.....*438
Engineers convert wrecked airfield into huge transport plane base. W. G. Bowman.....*378
Engineering activities on the invasion route in France. W. G. Bowman....*265
Fast bridging keeps railroads close to the Battle front. W. G. Bowman....*696
Huge port built on Cherbourg's wreckage. W. G. Bowman.....*758
Repaired lock gates and bridges make Europe's war-wrecked harbors work. W. G. Bowman.....*816
Sanitation safeguards at Navy base. N. A. Bowers.....*61
Seabee pontoons form floating piers. W. G. Bowman.....*308
Submarine drilling with job-assembled rig. N. A. Bowers.....*580
U. S. war construction in Britain—invasion aftermath. W. G. Bowman....*110
Engineering Institute of Canada
Corp. of Professional Engineers of Quebec signs cooperative agreement n233; n291
Engineering News Record
War bond cover inspired by Engineer memorial.....n*748
Engineering Societies' Committee discuss postwar construction.....n163

Engineers

American Council on Education and National Research Council issue report on lack of engineers.....n859
Baltimore and Rochester revamp engineer depts.....n93
Canadian engineers get special labor status.....n102, n241
China to have American technicians to repair transportation system.....n810

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Chinese engineers inspect U. S. projects n*291

Missouri River flood plans appropriation asked n375
Morganza Floodway may be opened if highwater continues..... n434
1944 floods and droughts..... 177
Ohio River flood damage prevented by reservoir operation..... n302, n357
Potomac River basin flood control calls for 14 dams..... n244
Pumps allocated for possible flood areas n303
Syracuse flood control outlined by Army n800

Floors
Concrete floors. E. L. McFalls..... l 305
Reconditioning concrete floors to carry heavy warehouse traffic..... *116
Rock Island warehouse concrete floor constructed with sawdust fill..... *718
Fouilhoux, J. A. dies, leading architect..n879
Foundations
St. Louis clay soil for housing foundations is stabilized with pressure grouting *68

G

Garbage and Refuse Disposal
Baltimore refuse disposal studies point way for postwar improvements..... 726
Lyttonsville, Md. refuse incinerator (unit prices)..... 920
Navy bases under tropical conditions are protected by sanitation. N. A. Bowers *61
Gates
Repaired lock gates and bridges make Europe's war-wrecked harbors work. W. G. Bowman..... *816
Grade crossings
St. Louis, Mo. plans to remove elevated railway tracks..... n419
Great Britain
U. S. War construction in Britain—invasion aftermath. W. G. Bowman....*110

Grouting
Asphalt grouting stops reservoir leakage at Great Falls Dam. L. A. Schmidt, Jr. *65
Leadville, Colo. drainage tunnel encounters driving difficulties..... *313
St. Louis clay soil for housing foundations is stabilized with pressure grouting *68

H

Heating and ventilating
Michigan town considering central heating plan for entire community..... 281

Highway Administration
Arkansas highway director appointed..n164
Colorado court may choose highway engineer n747
Ohio auditor opposes hiring extra engineers n363
Washington State has new director....n162

Highway Construction
British road tar specification. H. E. Gillander *261
Cement-treated road base built in Arizona. Bernard Touhey..... *36
Expansion joints unnecessary in pavements in Oregon..... *398
Georgia modernizes an old concrete pavement (tables)..... *47
Ohio pavements widened without forms *56

Highway Design
Chicago plans an eight-lane expressway*574
Dallas-Fort Worth expressway planned *51
Detroit plans fully-depressed expressway *39
Louisiana plans superhighway to serve Lake Charles..... *44
Truck size and weight limits as they effect highway desgin. V. T. Boughton (chart & tables)..... *24
Truck size and weight limits recommended in California. F. J. Grum.... 29
Truck size and weight limits recommended changed by Wyoming. W. H. Fisher *30
Truck size and weight stabilization essential in Illinois. W. W. Polk.... 34
Truck size and weight N.I.H.S. standards acceptable for Colorado roads. W. M. Williams..... *33
Truck size and weight standards favored in Kansas. R. C. Keeling..... 35
Truck size and weight standards in Texas. D. C. Greer (table)..... 28
Truck size and weight standards would increase highway costs. J. H. Dowling 32

Highway Economics
A.R.B.A. asks for release of highway funds n807
Apportionment of federal aid for roads (table) 88
Automotive taxes for 1944..... 832
Expenditures for highways during 1933-42 46
Gasoline tax money segregated in Wisconsin n879
Gasoline tax diversion to be voted upon by Texas..... n876
Iowa faces road dilemma..... n288
Kansas builds up fund to buy road equipment n298
Legislation possibilities in 1945..... n19
Michigan provides money for highways n750
New York State to aid cities on arterial roads cost..... n550
Oregon provides for postwar highway gram n741
Senate bill to aid rural roads..... n736
State highway obligations outstanding Dec. 31, 1943..... 784
States' share of federal road aid allotted n19
Washington state county road funds now assured..... n550

Highway Maintenance
Ice cleared from Milwaukee streets..... n*239
Nevada plans budget for maintenance..n798
St. Louis street repair with city-made asphalt *272
Snow removed with grading and ditching machine..... n*287
Highway marking
North Carolina designs special equipment for painting highway center stripes *894
Highway signs
Solomon Islands—roadside markers of wire and canvas..... *142

Highways
Alaska Highway
Maintained by the Army for several months n375
Movie film available n230
President wants highway completed. n878
Atlanta highway plans studied by engineers n371
Baltimore freeway to be no. 1 postwar project n2
Baltimore-Washington highway contract approved ..... n
British Columbia calls for bids on Peace River highway..... n
British Columbia roads are to be improved ..... n
British Columbia — Skeena Highway opened ..... n
Chicago plans an eight-lane expressway ..... n
Columbia River Highway to be connected with new grading..... n
Costa Rica pioneer road pushed through n

Infringement case won by Caterpillar..n751

Trailers

Bailey bridge trusses used as trailer bed to move house n*741

Training

International Training Administration formed to share U. S. "know-how"... 445
Oil distribution school for engineer troops n805

Transportation

Chicago Transit Authority approved by Illinois State legislature n544
Chicago voters approve ordnance to operate street cars and rapid transit lines n795
China's industrial and transportation needs n422
Time and methods study speeds construction. Homer George *518

Trucks

Construction men voting on postwar construction trucks 144
Finger-lift and truck combined..... *789
Grand Coulee Dam cableway tower carried on fleet of trucks n*418
Postwar construction trucks..... 144, 284
Production to be doubled in 1945..... n20
"Skyhooks" for handling loads at high elevation n*553
Special trucks expedite Rhine bridge crossings n*413
Texas increases truck load limit..... n682
Truck size and weight limits as they effect highway design. V. T. Boughton (chart & tables) *24
Truck size and weight limits recommended changed by Wyoming. W. H. Fisher *30
Truck size and weight limits recommended in California. F. J. Grumm 29
Truck size and weight stabilization essential in Illinois. W. W. Polk..... 34
Truck size and weight N.I.H.S. standards acceptable for Colorado roads. W. M. Williams *33
Truck size and weight standards favored in Kansas. R. C. Keeling 35
Truck size and weight standards in Texas. D. C. Greer (table)..... 28
Truck size and weight standards would increase highway costs. J. H. Dowling 32

Trusses

H-section for standard length welded trusses *122
H-sections for welded trusses. N. L. Ashton l*882
H-sections for welded trusses. J. K. Gannett ..... l 883
Three-hinged arched truss for airplane hangar n*228

Tunnels

Baltimore & Ohio Railway tunnel roof rebuilt from shaft..... *256
Boulder Dam tunnel and channel improvements (unit prices)..... 342
Carbon monoxide control in short vehicular tunnels. G. I. Sawyer..... *892
Cascade Mt. Tunnels
Vehicular tunnels to be surveyed n876
Colorado—Big Thompson tunnel construction resumed n691
Leadville, Colo. drainage tunnel driven in rough ground *313
New York City
Battery-Brooklyn Tunnel Ventilation system approved n238
Brooklyn-Staten Island vehicular tunnel estimates n876
Lincoln Tunnel
Second tube opened..... n*159
Westbound tube now open..... n154
San Francisco street tunnel proposed...n102

U

Unit prices ..... 74, Apt. 5-171 218, 342, 412, 594, 666, 730, 792, 858, 920
List of projects showing how contractors bid in 1944-1945 ..... a527

U. S. Army Engineers

"Adsec" or Advanced Section, Communications Zone of the Army Engineers. W. G. Bowman *560
Contract system changes due to price conditions n875
How Army Engineers are weaving the sinews of war. H. W. Richardson..*199
Maintenance Engineer—Walt Disney..n*372
Negotiation of contracts by Army to be dropped at close of war..... n861
New construction program..... n544
Officers to be promoted..... n151
170th anniversary celebrated..... n*875
Public contract awards abandoned..... n793
Survey and forecast—1944-1945..... *168-196
U. S. war construction in Britain—invasion aftermath. W. G. Bowman (Engineering abroad) *110

U. S. Bureau of Reclamation
Fifteen river basins to be studied..... n805
1944 activities 178
Postwar work planned..... n549
Young appointed chief engineer..... n*155

U. S. Dept. of Agriculture
Appropriation bill..... n690

U. S. Dept. of Interior
Senate increases funds for department.n808

U. S. Foreign policy. Fred Lavis..... l 692

U. S. Geological Survey plans postwar water program..... n*17

U. S. Navy

Appropriation bill passed by House....n666
Appropriation bill passed by Senate....n733
Floating drydocks of the U. S. Navy. H. W. Hunt...pt. 1 *319-330; pt. 2 *385-392; pt. 3 *447-454
Los Angeles-Long Beach Naval Supply depot to be constructed..... n745
Naval facilities bill passed by Senate n93, n164
Survey and forecast—1944-1945..... *168-196

Uruguay
Rincon del Bonete multi-purpose dam will double country's power. Harza & Giorgi *772

V

Vacuum processing of Shasta Dam spillway. C. S. Rippon..... *829

Valves
Washington, D. C. water distribution system has multiple-stem valves and precast manholes. R. M. Dowe..... *659

Virgin Islands plan postwar public works program n740

W

Waddell & Hardesty now Hardesty and Hanover n811

Warehouses

Army Engineers and RFC obtaining storage space..... n555
Concrete barges serving at Sout: Pacific refrigerators n*286
Reconditioning concrete floors to carry heavy warehouse traffic..... *116
Refrigerated warehouses, or reefer depots, serve steamers in the tropics..*282
Renton, Wash. warehouses (unit prices) 666
Rock Island, Ill. warehouse has concrete floor with sawdust fill..... *718

Wastes, industrial
What is a fair charge for handling industrial wastes in municipal plants? E. B. Besselievre..... *825

Water Meters

Chicago—water meter shop practice..*778
Low velocity current meter shield attachment *848
Repair of water meters as practiced in seven large cities 782

Water Pollution

Dallas County, Tex. testing for sewage pollution n10
